1

ACCESS EVERFI

Single sign-on (SSO) is available to streamline student registration. Select the EVERFI app on your SSO homepage or district portal.

2

EXPLORE OUR COURSES

Link an existing EVERFI account (if you have one) and select the topic(s) and grade(s) you teach. Click "Explore Courses" to view course library.

3

ASSIGN COURSES

You can now easily assign courses to your students by clicking "+ Add to Class." If you have already created classes, then you'll have the option to add courses to your existing classes.

4

GET YOUR STUDENTS STARTED

Select the desired section/class, fill out your class profile, add additional courses, and click "Create Class." Have your students select the EVERFI app in your district's SSO portal to get started.

PREVIEW COURSES?

Experience them for yourself by clicking the "Details" option next to a course and then selecting "Preview"

QUESTIONS?

Click "Chat with EVERFI support" on the bottom right corner of your Dashboard or email us at k12support@everfi.com
